

Technology, Trafficking, and Tor

Andrew Lewman andrew@torproject.org

09 April 2013

Who is this guy?

501(c)(3) non-profit organization dedicated to the research and development of technologies for online anonymity and privacy

<https://www.torproject.org>

Victims of Abuse

Working with victims of infectious surveillance and trafficking.

Provide anonymity and control of identity for the victims.

Consult with law enforcement, advocacy organizations, and others to understand technology capabilities and usage in trafficking situations.

Developing solutions

Draft clean communications protocol

Working with NNEDV, FBI, DHS, ICE, DoJ, UK SOCA, and others.

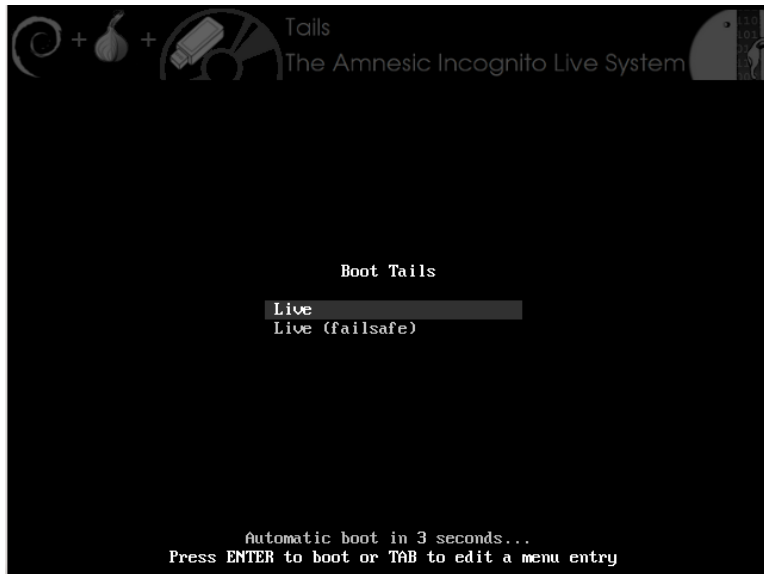

Free Anonymous Operating System - Tails

Tails is a live DVD or live USB that aims at preserving your privacy and anonymity.

It's used in 94 countries with an average client boot seen every 23 seconds around the clock.

We sponsor Tails.

Tails

Thanks!
